My dearest DEE.

The last few wks have been very stressful to you, starting from relocation. ~~from~~ moving from New York - San Diego and now to San Francisco.

This was absolutely the wrong time to add another trauma. That's why after I realised ~~-~~ or suspected what might be going on Phoenix - I could not inform you right away. I wanted you to settle down a bit ~~at~~ you - said about 10-15 days

I am sorry - you had to be told this way on phone. After my suspicions were confirmed with looking at telephone statement, I had to take quick action. From my experience in the past, I ~~could~~ felt could not confront verbally. because he might lose control or give me a silent treatment. I had planned to move to my hospital room any way before he arrived from Phoenix. and wait for his response. But 8 days of turmoil took toll on my body and I got quite sick - so the doctor thought I should be admitted, rested and recuperated. To-day I being discharged. I feel great after the rest and caring nursing staff. That took care of me. I have a lot of friends. who care for me ~~at~~ here

My supervisor has given me the whole wk off. I don't have to go to work till Monday AM till July 6th. I have already booked my Airline Ticket from August to Aug 8th to San Diego. I got it very cheap & senior discount etc.

After I talked to you Sunil called me at 12 AM your time for I had left a message for him. He mentioned your E-mail

I am looking at this as a challenge and now able to deal w/ it as growing experience. with positive feelings

DEE, please don't harbour anger, resentment, disgust in your heart. Those things can eat you up and ruin your health. Giving silent treatment to your Dad will only hurt you. You need all your energies to use ~~to~~ on your new ventures. Relax!! Things will work out for the Best. I will keep you posted of new developments after Dad responds ~~to~~ to my letter etc.

Call me at the hospital and the girls ~~are~~ at the Telephone - will get me right away. They all know my two California boys - they get the best priority.

I am counting my Blessings - my good health, physical fitness, my two great sons and a lot of friends who love me. Take care mom
